A rectangular plot of land is outlined with a double line. Inside the rectangle, the word "John" is written vertically on the left side, and "John" is written vertically on the right side. Below "John" on the left side, the date "20th Dec" is written. The plot is situated on a larger piece of land with a wavy line representing a river or stream running horizontally across the middle. There are small circles at the corners of the rectangle, possibly indicating specific points or structures.

A hand-drawn map on aged paper showing a rectangular survey boundary. The boundary is defined by four points connected by straight lines. The top-left corner is marked with a small circle. The top-right corner is marked with a small circle and labeled 'A'. The bottom-right corner is marked with a small circle and labeled 'B'. The bottom-left corner is marked with a small circle. A winding river, labeled 'Tully (Mare) River', flows from the top right towards the bottom left, crossing the rectangular boundary. The number '310' is written vertically along the left side of the rectangle. The text 'Tully (Mare) River' is written across the river. The number '243' is written in the bottom right corner of the page.

A hand-drawn map of the Colorado River delta region. The map shows the Colorado River flowing from the top left towards the bottom right, where it meets the Gulf of California. The river is depicted with a wavy line, and the delta is shown as a series of branching channels. Labels include 'Colorado River' at the top, 'Gulf of California' at the bottom, and 'Delta' near the confluence. A scale bar is located in the upper right, and a north arrow is in the lower right. The map is drawn on a piece of paper with a grid of dots.

A hand-drawn map on aged paper. A polygonal boundary is drawn with straight lines, with small circles at each vertex. Inside the polygon, a wavy line represents a river or coastline, labeled 'Gungahmuth' vertically. At the bottom of the map, a wavy line is labeled 'Cap Smith R.'. To the left of the main polygon, there is a small area labeled 'White' and another area labeled 'M'. The text 'The South' is partially visible on the right edge.
